

American Muscle Cup Racing Series

Pro Class Supplement

Purpose: To provide a class in which American Muscle Cup and Extreme Speed Staff can participate without affecting the outcome of the standard classes. Pro Class is designed with all of Stock, Street, Modified, and Unlimited class rules in mind but with a modifier to allow for all of those classes to compete under one adjoined class. **Please note that Open class vehicles are not permitted to run in this class at this time until further data is collected.**

Format: Final times will be based on a percentage of the fastest car's time for the day, known as Time Attack Percentage (TAP) Time. Dependent upon the car's class, the percentage will change:

Unlimited: 1.00 (100%)

Modified: 0.962 (96.2%)

Street: 0.917 (91.7%)

Stock: 0.885 (88.5%)

Ex: Car A (Unlimited Class) Runs a 01:17.764.

Car B (Modified Class) would have to run a 01:20.837 or better to win

Car C (Street Class) would have to run a 01:24.804 or better to win

Car D (Stock Class) would have to run a 01:27.870 or better to win

Pro Class Supplement

Rules:

A.) Vehicle Eligibility

- a. The vehicle being used must fall under one of the following classes: Stock, Street, Modified, or Unlimited. In which, whatever class the vehicle falls under, the car must abide by those class rules. **Open class vehicles are not permitted at this time to run this class until further data is collected.**

B.) Driver Eligibility

- a. The driver must be one of the following to participate in Open Class:
 - i. Extreme Speed Staff
 - ii. American Muscle Cup Staff
 - iii. American Muscle Cup Series Champion of any previous year and class
- b. If the driver does not fall under the above qualifications and they desire to run Pro Class, they must be approved by American Muscle Cup Staff (Brett or Brian at this time).
